📍 79 D. M. Lozada St. Pateros, Metro Manila, 1620

## Tech Stack

- **Web:** PHP, MySQL, Next.js, HTML/CSS, Java
- **Language:** English (Professional Working Proficiency, Tagalog (Native))
- **Tools:** VS Code, GitHub, MS Office Suite, Canva

## Education

### HUMSS

**Pateros National High School - Senior High**  
2019 - 2021

- Developed strong analytical and research skills applicable to system documentation and requirement analysis.

### Bachelor of Science in Information Technology

**Pateros Technological College**  
2022 - Present

- **Capstone Project:** Lead Developer for "An Educational Game System for Teaching Coding Skills and Programming Language for Pateros Technological College," a secure educational system built with PHP (OOP) and MySQL. Implemented RBAC security and normalized database structures.
- **Relevant Coursework:** Human Computer Interaction, Information Assurance & Security, System Integration & Architecture.

## Work Experience

### Estate Logistics & Caretaker | PGA Private Management

June 2023 - July 2023

- Managed inventory logistics and supply distribution across multiple facility hubs, ensuring zero stockouts.
- Maintained strict security and operational schedules for a private estate in an unsupervised environment.
- Demonstrated financial responsibility by self-funding technical equipment through contract earnings.
